

IAIA 2019 SPRING SENIOR GRADUATING EXHIBITION

Reception, Friday, April 19, 2019, 5:30–8 pm
www.iaia.edu/seniorexhibit

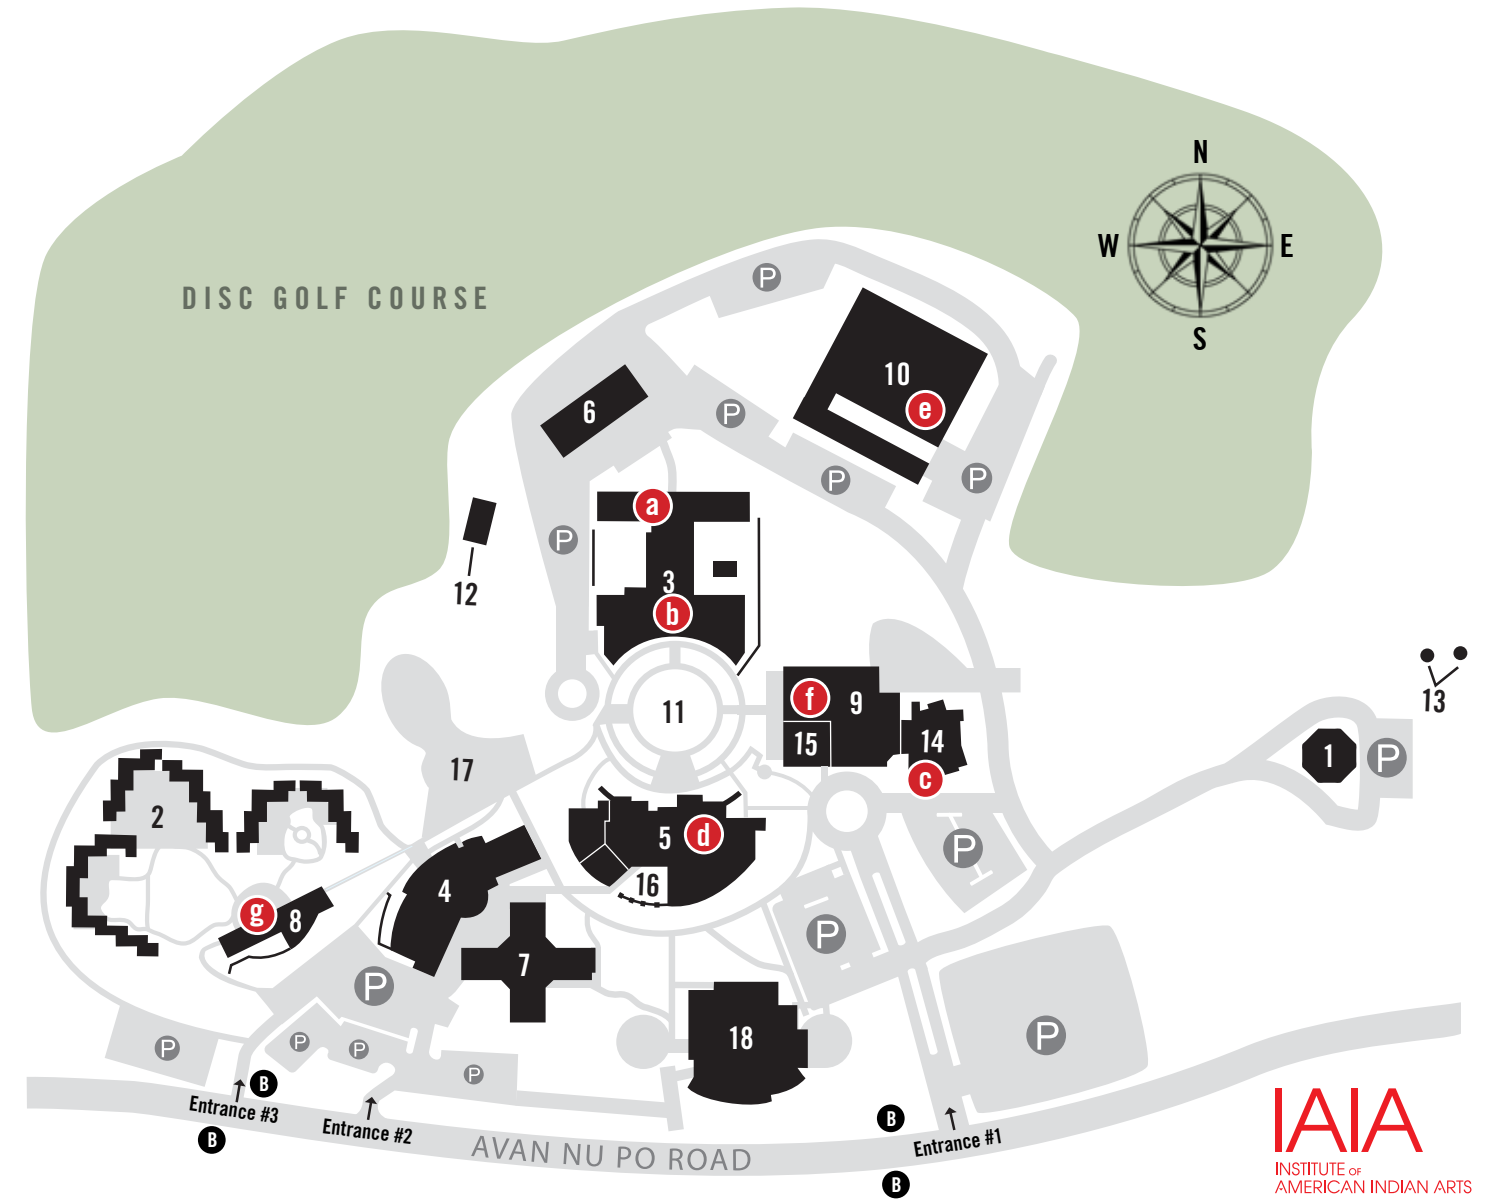

In April, seventeen seniors from the Studio Arts and Museum Studies programs present their senior projects in the *IAIA 2019 Spring Senior Graduating Exhibition*. In their final semester, the students work closely with advisors, gallery and museum studies staff, faculty and students to develop their artistic practice and to create a thematically and conceptually-focused body of work. *IAIA 2019 Spring Senior Graduating Exhibition* represents the capstone of each students' course of study as well as their academic experience at IAIA.

Exhibitions will be on display at the Balzer Contemporary Edge Gallery, the Allan Houser Haozous Sculpture and Foundry Building Gallery, the Barbara and Robert Ells Science and Technology Building, the Library and Technological Center (LTC), the Lloyd Kiva New Welcome Center, behind the Student Union Building, and in the Academic Building hallways. The *IAIA 2019 Spring Senior Graduating Exhibition* is open from April 19–May 18, 2019.

Free and open to the public—light dinner served in locations **a–g** during the opening reception from 5:30–8 pm.
